The Wm. S. Haynes Company announces the production of a limited edition flute—the Rampal Edition Flute. Only 50 of these very special flutes will be made over the next 2 years to celebrate the 50th anniversary of Jean-Pierre Rampal's 1958 debut concert in the United States. With his debut tour began a life-long relationship with the Wm. S. Haynes Company. The Rampal Edition Flute is a replica of Mr. Rampal's flute using the original molds to forge the keys.
